EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Robert Greeson on February 14, 2005.

The application has been amended as follows:

Lines 11 and 15, after "pair", --of leg members-- has been inserted.

Line 13, "pairs" has been changed to --pair of leg members--.

Lines 19-20, "and said second leg pair first and second leg members" has been deleted.

Line 23, after "from", --the respective-- has been inserted.

Line 24, after "of", --each of-- has been inserted.

Claim 3, line 3, after "members", --of the first pair of leg members-- has been inserted.

Claim 3, line 4, "second leg pair" has been deleted, and after "members", --of the second pair of leg members-- has been inserted.

The following is an examiner's statement of reasons for allowance: the primary reason for allowance is the inclusion of leg members pivotally attached to respective pivotal leg support means, the pivotal leg support means being coplanar with the long axis of the support beam when movable between the first and second (deployed) positions, the leg members movable

between a first position juxtaposed along their lengths and a second expanded position divergent from each other and orthogonal to the long axis of the support member, and leg release tab members receivable within respective locking tab apertures of the support beam when the pivotal leg support means are in the second deployed position. See claim 1, lines 8-33. The prior art of record fails to teach or suggest the claimed features absent the applicant's own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
